

# Pupil Premium strategy statement: Parkside Community Primary School

**PARKSIDE**  
**Community Primary School**

1. Summary information					
School	Parkside Community Primary School				
Academic Year	2020/21	Total PP budget	76,440	Date of most recent internal PP Review	March 2020
Total number of pupils	116	Number of pupils eligible for PP	77	Date for next internal review of this strategy	March 2021

## **What is Pupil Premium?**

Pupil Premium is additional funding given to schools in England to raise the attainment of pupils from low income families and close the gap between them and their peers. The funding is allocated to schools to work with pupils who have been registered for free school meals at any point in the last six years. This is known as 'Ever 6 FSM'.

Schools will also receive funding for children who have been 'Looked After' (in Local Authority care), were adopted from care on or after 30 December 2005, or left care under a special guardianship or residency order, and children of service personnel.

## **Why was Pupil Premium introduced?**

Pupil Premium was introduced in April 2011. The Government believed that it is the best way to address the current underlying inequalities in the academic performance of children eligible for Free School Meals (FSM) and their wealthier peers by providing additional support to the pupils who need it most.

### **How much funding does Parkside Community Primary School receive?**

- In 2019-2020 the allocation of Pupil Premium funding is £88,440
- In 2018-2019 the allocation of Pupil Premium funding is £94,400

The table below shows the amount of children per year group who will receive Pupil Premium funding for the academic year 2019/20. In total 67.8% of children at Parkside Community Primary School receive Pupil Premium funding.

<b>Sept 2019-20</b>	<b>Year R</b>	<b>Year 1</b>	<b>Year 2</b>	<b>Year 3</b>	<b>Year 4</b>	<b>Year 5</b>	<b>Year 6</b>	<b>Total</b>
<b>Total Pupils</b>	10	8	14	10	13	20	13	86
Pupils who receive Pupil Premium	5	7	10	5	11	13	9	58
Percentage of pupils who receive Pupil Premium	50%	87.5%	71.4%	50%	84.6%	65%	69.2%	67.4%

### **Pupil Premium: A rationale for Parkside Community Primary School.**

Parkside Community Primary School is committed to ensuring that all children have equal life chances. We recognise that many children come to us from low socio-economic backgrounds and we are dedicated to ensuring that this is never a barrier to learning. We have the highest aspirations of ALL children and use the Pupil Premium effectively to ensure that disadvantaged children receive the same entitlement as their non-disadvantaged peers. These are our key principles for diminishing the difference between disadvantaged and non-disadvantaged children.

1. Achievement gaps between any groups in any subject are viewed as symptoms, rather than problems themselves. We constantly strive to improve teaching for all.
2. We know the specific barriers of our disadvantaged children and plan to overcome these accordingly.
3. We remember that 'limited experience' is not the same as 'low ability'. We invest heavily in Early Years, and the transition into Year 1, to give the children as many experiences as possible. All members of staff have high expectations from the very beginning.
4. We instil a love of learning and give children the confidence to do it. We provide a broad and balanced curriculum with particular investment in Sport to develop confidence and build cultural capital.
5. Our children learn most when they are in the classroom with the most qualified adults. External interventions are used with caution and only when needs cannot be met within the classroom.
6. Teaching and Learning always comes first. Teachers have ownership of their practice and every member of the school is part of a professional learning community, constantly seeking to improve.

### **Key Questions for consideration**

In our relentless drive to ensure that there is no difference between the most disadvantaged children and their peers, we continually ask and review the following key questions:

- 1) What are the specific needs of the most disadvantaged children at Parkside Community Primary School?
- 2) What do we want the outcomes to be for these pupils?
- 3) Which strategies are going to be most effective in ensuring educational excellence for all, in particular the most disadvantaged?
- 4) How will the impact of the strategies be monitored and what are the success indicators?
- 5) What impact are the strategies employed having on the achievement of the disadvantaged children?

### **How does the school spend this money?**

The Governors, Senior Leadership Team (SLT) and all members of teaching staff monitor the attainment and progress of children very carefully. All children's progress is discussed at termly progress meetings and where additional support is deemed necessary. Pupil Premium is frequently used to increase the opportunities that we are able to offer.

Funding is predominantly targeted at the improvement in attainment and progress in English and Maths as well as pupil well-being, but Parkside Community Primary School recognises the need to provide a varied and stimulating curriculum, especially within Sport, and provides a range of opportunities to all of our children using Pupil Premium.

Our teachers are accountable for pupils' attainment, progress and outcomes. (*Teacher Standards*). We have high expectations of our teachers and provide them with a strong level of support and professional development opportunities to constantly improve their practice.

We have embedded a robust monitoring system based on termly tracking to ensure that all pupils achieve at least expected progress. Pupils identified as not making expected progress are rapidly identified and strategies put in place to address under performance.

Where it is identified that a class/group is achieving well then a percentage of children are identified as a focus group for above expected progress, with an emphasis on Pupil Premium. The school has focused on developing teachers' skills in assessment and methods of teaching that effectively meet the needs of groups and individuals for next step learning.

	<i>All Pupils at Parkside 2019</i>	<i>National</i>	<i>Pupils eligible for PP Parkside 2019</i>	<i>Pupils eligible for PP National</i>	<i>National pupils not eligible for PP</i>	<i>Progress at Parkside</i>	<i>PP Progress nationally</i>
<b>% of pupils achieving the expected standard in reading, writing and maths</b>	47	65	31	Not yet available (Kent 52%)	Not yet available	N/A	N/A
<b>% of pupils achieving the expected standard in reading.</b>	53	73	38	Not yet available (Kent 62%)	Not yet available	2.23	-0.8 Kent
<b>% of pupils achieving the expected standard in writing.</b>	65	78	54	Not yet available (Kent 70%)	Not yet available	3.5	-0.5 Kent
<b>% of pupils achieving the expected standard in maths</b>	59	79	46	Not yet available (Kent 65%)	Not yet available	2.42	-1.5 Kent

## 2. Barriers to future attainment (for pupils eligible for PP including high ability)

### In-school barriers (*issues to be addressed in school, such as poor oral language skills*)

- |           |   |
|-----------|---|
| <b>A.</b> | Oral language skills and (PSED in Reception) are lower for pupils eligible for PP than for other pupils. This slows reading and writing progress in subsequent years. |
| <b>B.</b> | Some pupils eligible for PP have lower attainment and progress than non PP children nationally in reading, writing and maths.   |
| <b>C.</b> | Children with poor SEMH. This slows progress and attainment in all subject areas and self-confidence.   |
| <b>D.</b> | Children have limited home experiences and resources(e.g. books) or have financial restraints leading to non participation. Funding school trips.                     |

### External barriers (*issues which also require action outside school, such as low attendance rates*)

- |          |  |
|----------|--|
| <b>E</b> | Attendance rates for pupils eligible for PP are below the target for all children (96%) This reduces their school hours and can cause them to fall behind. |
| <b>F</b> | Poor parental engagement. This reduces the amount of support children receive at home  |
| <b>G</b> | Poor lifestyle choices, such as poor diet, inactivity and health   |

### 3. Outcomes

	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
<b>A.</b>	Improved oral language skills and PSED for PP pupils, leading to faster reading and writing progress in subsequent years, diminishing the difference at a faster rate.	Pupils eligible for PP make rapid progress by the end of reception so that most make age related expectations. Pupils will be supported across the school as needed with their Speech and Language.
<b>B.</b>	Pupils eligible for PP will have similar attainment and progress to non PP children nationally in reading, writing and maths	Pupils eligible for PP will have similar attainment to non PP children nationally in reading, writing and maths, therefore diminishing the difference by the end of Key Stage 2
<b>C.</b>	Improved SEMH of PP children, allowing them to access the curriculum and increase progress and attainment in all subject areas.	Children will have improved SEMH, allowing them to make progress in line with their peers. Children will develop a strong sense of self-worth following national lockdowns.
<b>D.</b>	Pupils eligible for PP will have the same opportunity as all pupils	Equal participation in events, activities and extra-curricular activities. Children will have the opportunity to experience off site visits that are funded by the school.
<b>E.</b>	Improved attendance rates for pupils eligible for PP	Reduce the number of persistent absentees among pupils eligible for PP to 5% or below. Overall PP attendance improves from 94.3% to 96% in line with 'other' pupils.
<b>F.</b>	Improved parental engagement. Increasing the amount of support children receive at home and the participation in school events. Funding school trips.	Parents will have increase participation within their child's learning journey. Children will receive increased support at home. Parents will engage with the school in their child's learning journey through parent's evenings and workshops.
<b>G.</b>	Improved lifestyles, exercising and eating healthy foods.	Parents and children will recognise the need for a healthy lifestyle and will enjoy taking part in regular exercise and have healthier options for packed lunches. Parents will attend workshops to support their child's health needs.

4. Planned expenditure					
Academic year		2020/2021			
The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.					
i. Quality of teaching for all					
Desired outcome	Chosen action / approach Expertise	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
A. Improved oral language skills and PSED in reception	Staff trained in assessing speech and language, supporting children as needed.	Purchased Language Link to identify issues within speech and language and develop interventions to support this further. Regular interventions will take place. Engagement with NELI and ensure resources are available for the children.	TA's to receive relevant training and resources. Monitoring interventions	SENCO and EYFS Lead	July 2021
B. Improved attainment in reading, writing and maths	Staff update training on high quality feedback  Training on Guided Reading and Comprehension  Training on assessment system and moderation  Precision teaching training	Staff training on high quality feedback – EEF Toolkit – High quality feedback is an effective way to improve attainment Effective strategies for focused Guided Reading. Strategies for SPAG teaching. Accurate assessment and moderation ensures that pupil's next steps can be identified and lessons pitched at the correct level. Precision teaching has proven to have high impact of the progress of pupils with SEN Recovery curriculum will be available for the children that need it in order to make rapid progress. Regular Pupil Progress reviews to track and monitor development.	Courses selected using evidence of effectiveness. Using Inset days and staff meetings Feedback embedded in feedback/ marking policy Lesson monitoring Training for staff Resources given to all class teachers Monitor the effectiveness of the intervention	English and Maths Lead          English Lead,	July 2021
C. Improved SEMH	Positive behaviour training - in line with an updated behaviour policy.  Rewards linked with school values	Positive learning behaviour leads to increased well-being, progress and attainment. Children will take pride in their school and understand the values, building confidence, well-being and resilience. Children will be investigated in their school and environment. Develop 'The Parkside Way' with high and consistent expectations throughout the school.	Ensure staff and pupils are fully aware of the behaviour policy. Monitor. Launch of rewards linked to school values. Launch GREAT behaviour school rules. Facilitate conversations about acceptable behaviour and its impact on the other children. Work with NLE on strategies to develop positive SEMH levels across the school.	SLT	July 2021

**Total budgeted cost** £5,000

**ii. Targeted support**

Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
A. Improved oral language skills and PESD in reception	1-2-1 and small group provision as needed with intervention TA (HLTA).	Small Group work and 1-2-1 tuition from highly qualified staff has proven to have an impact on attainment and accelerate progress – seen in reliable evidence sources such as in Visible Learning by John Hattie and the EEF toolkit.	Lesson monitoring and Pupil Progress reviews.	EYFS Lead and SLT	July 2021
B. Improved attainment in reading, writing and maths	1-2-1 and small group provision  Teaching Assistants to provide opportunities for focussed 1-2-1 or group work with targeted children (focus on well-being)	Small Group work and 1-2-1 tuition from highly qualified staff has proven to have an impact on attainment and accelerate progress – seen in reliable evidence sources such as in Visible Learning by John Hattie and the EEF toolkit.  Training in Guided Reading and SPAG toolkit.  Training opportunities offered to all staff during staff meetings and beyond as identified.	Lesson monitoring and Pupil Progress reviews.  Extra teaching time and preparation time paid for out of PP budget, not on a voluntary basis to ensure high quality  Impact overseen by English and Maths leader and SLT	SLT, Maths and English Lead  SLT	July 2021
C. Improved SEMH	Use HLTA and Sports Coach to support with SEMH development.	Removing barriers to learning improves wellbeing, involvement, progress and attainment Some children need extra support to improve their learning behaviours. They support children with all aspects of school life from class based learning to developing positive social interactions with peers. They have a particular focus on the social and emotional well-being of the child and support is offered either in group or 1:1 sessions. Offering mentoring sessions to the children with Sports Coach and/or HLTA	Monitor the impact and select suitable pupils. Engage with parents and pupils before intervention begins to address any concerns or questions	SENCO/ SLT	July 2021

E. Improved attendance rates for pupils eligible for PP	<p>Transport to school provided where appropriate via minibus.</p> <p>Rewards for good and improved attendance</p> <p>Offer trips funded by school to ensure all children can engage with them</p>	<p>We can't improve attainment for children if they aren't actually attending school. NFER briefing for school leaders identifies addressing attendance as a key step. Some families are not able to, for various reasons, transport themselves to school. Improved attendee reduces the amount of school and learning missed. Provide a funded breakfast club so parents have a wider window for the children to arrive at school.</p>	<p>Regular monitoring of attendance data by SLT and office team. Engage with outside support as needed for families and the school.</p> <p>Provide collection from key points to support with the children arriving at school.</p>	<p>SLT</p> <p>SLT</p> <p>SLT</p>	July 2021
---	--	---	--	----------------------------------	-----------

**Total budgeted cost** £85,000

### iii. Other approaches

Desired outcome	Chosen action/approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation ?
C. Improved SEMH	Lunchtime and afterschool clubs - Football Futures, drawing club, lego etc	<p>Children have a range of clubs and activities to use at lunchtime/ break time. This reduces boredom and increases well-being</p> <p>Clubs can provide targeted children with support to develop social and communication skills and improve SEMH.</p> <p>Develop Forest School area within the school woodland for all children to access quality outdoor learning.</p>	Training and supervision of cover staff.	SLT	July 2021
D. PP Pupils will have the same opportunity as all pupils	<p>Fully funded educational visits for all children in the school.</p> <p>Workshops and experiences in school to engage and enrich the curriculum</p>	<p>All children are entitled to equal opportunity of experiences.</p> <p>Some PP children do not get the same opportunity outside of school to access a range of experiences so the school provides these, such as 'History off the page'.</p> <p>Develop Forest School area within the school woodland for all children to access quality outdoor learning.</p>	Ensure educational visits and experiences will have a positive impact on attainment, progress and SEMH.	<p>SLT</p> <p>SLT</p>	July 2021
E. Improved attendance rates for pupils eligible for PP	Fully subsidised breakfast club	<p>Children who have a good start to the day, including a healthy breakfast, are more conducive to learning. Children will have a wider window to arrive for school and be ready for learning.</p> <p>Develop Forest School area within the school woodland for all children to access quality outdoor learning. Children will be able to access additional sessions as a reward programme for good attendance.</p>	Invite children who may need support with morning routine and lack a positive start to the day.	SLT	July 2021

F. Improved parental engagement	Parental Workshops/ assemblies and 'Stay and Play/ Learn' sessions to engage parents and class assemblies.	High levels of parental engagement with school allow for more effective support at home to help improve attainment and progress. Develop Forest School area within the school woodland for all children to access quality outdoor learning. Parents will be able to support sessions and develop the area to encourage them to support the school.	Dates to be given to parents well in advance. Timings of sessions to be at the start or the end of the day to fit in with parent 'pick ups'.	SLT and CT	July 2021
G. Improved lifestyles, exercising and eating healthy foods.	Improved lifestyles, exercising and eating healthy foods.	Parents will have access to workshops and taster session to help understand the importance of a healthy lifestyle, through food and exercise, and understand the positive impact this has on their children. Some PP children do not have access to a healthy lifestyle. Breakfast club will provide a nutritional start to the day. Develop Forest School area within the school woodland for all children to access quality outdoor learning. Children will appreciate the environment and learn lifelong skills.	Workshops and taster sessions to be arranged at a convenient time for parents to attend. Parents to be invited to afterschool sporting sessions.	SLT	July 2021
<b>Total budgeted cost</b>					£10,000

5. Review of expenditure			
<b>Previous Academic Year</b>		<b>2019/2020</b>	
		Due to Covid-19 and school closures in March, except for Key Worker and Vulnerable pupils, many of the initiatives and strategies were only fully implemented during full opening or were limited due to the school's Risk Assessment. The impact below has been measured mostly against the time where school was fully open to all to fully evaluate the impact of the strategies outlined below and inform future decision making.	
<b>i. Quality of teaching for all</b>			
<b>Desired outcome</b>	<b>Chosen action / approach</b>	<b>Estimated impact:</b> Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.	<b>Lessons learned</b> (and whether you will continue with this approach)

Improved oral language skills and PESD in reception	Speech and Language TA employed by the school	Speech and Language training has taken place for key staff and interventions were planned for those children in attendance at school. Referrals have been made where needed and families have been supported to access this support.	Continue approach.  Fully implement the training that staff have received to develop this.
Improved attainment in reading, writing and maths	Staff update training on high quality feedback  Training on consistence use of Handwriting  Training on new assessment system and moderation  Precision teaching training	Data from 2019 47% of children (disadvantaged 31%, national 65%) at the end of Key Stage 2 achieved combined reading, writing and maths. 53% of all children (disadvantaged 38%, national 73%) achieved the expected standard in reading 65% of all children (disadvantaged 54%, national 78%) achieved the expected standard in writing 59% of all children (disadvantaged 46%, national 79%) achieved the expected standard in maths. Progress for all children in reading was 2.23, writing 3.5 and maths 2.4. Progress for disadvantaged pupils in reading was 1.94, writing 3.5 and maths 1.84.	Continue approach.  Focus on raising standards in reading particularly and maths for disadvantaged pupils using interventions TAs.
Improved SEMH	Positive behaviour training - in line with an updated behaviour policy.  Rewards linked with school values	Behaviour Policy has been reviewed and staff have all had an input in it. There is a whole school approach to rewards and sanctions that is reviewed regularly to ensure the children's needs are being met. Staff have a positive approach to dealing with behaviour.  The staff have completed training with specialist teachers in supporting SEMH needs.  Values have a higher profile across the school.	Staff will continue with incentives and arrangements made, reviewing and amending the policy as needed. Look into restorative training. Implement a consistent approach across the school.  Continue with training staff to ensure SEMH needs are being met.  Focus on one value a week celebrating children achieving this as part of celebration assembly.  Develop a reviewed and streamlined behaviour mantra.
<b>ii. Targeted support</b>			
<b>Desired outcome</b>	<b>Chosen action / approach</b>	<b>Estimated impact:</b> Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.	<b>Lessons learned</b> (and whether you will continue with this approach)
Improved oral language skills	1-2-1 and small group provision and employment	Speech and Language supported identified children that needed supporting and provided examples of activities that developed children's communication effectively.	Continue approach.

and PESD in reception	of S and L therapist x 1 month	Training was provided for staff to identify the children's needs specifically in Speech and Language. The school invested in the Language Link programme to screen the children and identify ways to support them.	Staff to complete screening and deliver programmes as needed.  Fund resources and Language Link and Speech Link programme.	
Improved attainment in reading, writing and maths	Smaller class sizes in year 2 and 6  1-2-1 and small group provision  Additional Teaching Assistants to provide opportunities for focussed 1-2-1 or group work with targeted children (focus on well-being)	Data taken from 2019 47% of children (disadvantaged 31%, national 65%) at the end of Key Stage 2 achieved combined reading, writing and maths. 53% of all children (disadvantaged 38%, national 73%) achieved the expected standard in reading 65% of all children (disadvantaged 54%, national 78%) achieved the expected standard in writing 59% of all children (disadvantaged 46%, national 79%) achieved the expected standard in maths. Progress for all children in reading was 2.23, writing 3.5 and maths 2.4. Progress for disadvantaged pupils in reading was 1.94, writing 3.5 and maths 1.84.	Continue approaches – new teachers appointed in key year groups to ensure high quality first teaching	
Improved SEMH	Employ a Sports Coach and ensure the HLTA is deployed in an effective way.	Trained staff have worked with a range of children and families to break down SEMH barriers to learning. They have given support at school and home and some of our families have found their support invaluable.  Provision for vulnerable children continues, especially those with emotional and behavioural needs. The Learning Mentor manager, situated in the 'Learning Support Unit', allowed children with emotional and behavioural needs to have the opportunity to discuss their feelings and are not put in situations which could cause issues to arise.  The staff have completed training with specialist teachers in supporting SEMH needs.	Continue approach.  Staff will continue with incentives and arrangements made.  HoS and SENCo will work with vulnerable families building links with the families.  Introduce extra-curricular events to support families as needed.  Continue with training staff to ensure SEMH needs are being met.	
Improved attendance rates for pupils eligible for PP	Transport to school paid for when appropriate.  Rewards for good and improved attendance	There is improved engagement and attendance from families due to improved communication. Much time is saved due to our ability to communicate with a greater number of our families. Attendance of disadvantaged children is improving but continues to be a priority.	Continue strategy and rewards.  Attendance officer to liaise with families, HoS to support.	
<b>iii. Other approaches</b>				

Desired outcome	Chosen action / approach	Estimated impact: Did you meet the success criteria? Include impact on pupils not eligible for PP, if appropriate.	Lessons learned (and whether you will continue with this approach)	Cost
Improved SEMH	Lunchtime clubs - football futures, drawing club, lego etc	<p>Trained staff have worked with a range of children and families to break down SEMH barriers to learning. They have given support at school and home and some of our families have found their support invaluable.</p> <p>Provision for vulnerable children continues, especially those with emotional and behavioural needs. The Learning Mentor manager, situated in the 'Learning Support Unit', allowed children with emotional and behavioural needs to have the opportunity to discuss their feelings and are not put in situations which could cause issues to arise.</p> <p>The staff have completed training with specialist teachers in supporting SEMH needs.</p>	<p>Staff will continue with incentives and arrangements made.</p> <p>HoS and SENCo will work with vulnerable families building links with the families.</p> <p>Introduce extra-curricular events to support families as needed.</p> <p>Continue with training staff to ensure SEMH needs are being met.</p>	
PP Pupils will have the same opportunity as all pupils	<p>Heavily subsidised educational visits</p> <p>Workshops and experiences in school to engage and enrich the curriculum</p>	<p>All school trips are heavily subsidised by the school which means that all children can have access to high quality learning experiences outside of the classroom. Trips are intrinsically linked to the curriculum and these opportunities 'bring learning to life'.</p> <p>A range of educational workshops and experiences have taken place throughout the year, linked to the topics or themed weeks. Children have been engaged in workshops by animal experts, actors and scientists, showing them that skills and knowledge gained at school can be applied to the wider world. These events have been used as a stimulus for writing across the curriculum and teachers report high levels of engagement during and following these events.</p>	<p>Continue approach</p> <p>Continue and extend approach where necessary.</p>	
Improved attendance rates for pupils eligible for PP	Fully subsidised (some fully funded) breakfast club	Children attend and have a nutritious breakfast and club. Children are focussed and ready to learn. Children enjoy the sporting activities that are offered. Attendance has improved for some families.	Continue supporting vulnerable families, ensuring we are targeting children.	
Improved parental engagement	Parental Workshops/ assemblies and 'Stay and Play/ Learn' sessions to engage parents.	Parents are beginning to show an interest in attending sessions with children and support their learning. There has been good attendance at productions and parents evenings.	Continue support ensuring plenty of notice is given for parents to attend.
