

PARKSIDE COMMUNITY PRIMARY SCHOOL

Friday 18th December – INSET DAY

Dear parents and carers,

In line with guidance received from the Department for Education (DfE), I would like to take this opportunity to inform you that schools have been advised to close from Thursday 17th December. The reason for this is so that schools can support the track and trace system up until 23rd December - 6 days after the school has closed (which is the time-frame needed).

The last day of term will therefore be Thursday 17th December 2020 and the school will be closed for all children on Friday 18th December.

We will still need to inform Public Health England if any of our pupils return positive Covid tests up to Wednesday 23rd December and would ask that if this applies to your child, please telephone Mrs McLevy on 07485305671.

I am very proud of the fantastic work that our pupils and staff have achieved this term and hope that everyone manages to have a lovely Christmas holiday and stay well throughout.

I am looking forward to seeing everyone return on Monday 4th January 2021.
